Rue des Rochers

Cité ar

Charakteristika des Plangebiets

Lokalisierung: Im Westen von Boulaide
Größe: ca. 0,5 ha

The diagram is organized into three main sections:

- Concept de développement urbain**: This section includes symbols for terrain contours, urban density programming (logement, commerce/services, artisanat/industrie, équipements publics), public space (minéral and vert), centrality, visual sequences, and thresholds for neighborhood, town, or village.
- Concept de mobilité et concept d'infrastructures techniques**: This section features symbols for connections, road networks, soft mobility, residential zones, parking (public/private), and technical infrastructure like bus/train stops and water management axes.
- Concept de mise en valeur des paysages et des espaces verts intra-urbains**: This section shows symbols for green corridors and biotopes to be preserved.
